Earth Walk

Earth Adventure programs feature Earth Walk, a 16' x 20' floor map of the continental United States. Earth Walk is a high resolution satellite image with true to life earth colors. Students will walk the United States from coast to coast on an adventure of discovery like no other!

Program Options

Geography on the Go!

Geography of the United States including natural resources (lakes, rivers, mountains), states, capitals, and regions

This program is comprehensive and recommended for the initial visit for grades K–2.

Walk Your Watershed: All about water

This program focuses on water resources for grades 3+.
